(fragrance-free, colorant-free, non-paraben, non-alcoholic)

◆Skin moisturing after the mask application

Warming effect

Hot Melting Mask is a beauty essence mask recommended to be used when taking a bath. The ingredients release heat when absorbing the steam from the bath and increase the penetrability of beauty ingredients.

Anti-wrinkle effect

Hot Melting Mask is formulated with beauty ingredients such as moisturizing, whitening and skin conditioning ingredients. It improves sagging, dullness and fine lines from dryness of the skin and give firmness and moisture to the skin.
